How We Provide Added Value

*We are committed to providing professional, ethical, and quality service and ensuring client satisfaction.

* We have a strong background in client-centered service, case management, and care giving.

* We are experienced in making in-home needs assessments to help clients determine their own requirements and assist them develop care plans.

* We have extensive knowledge of governmental and other programs that may assist clients with costs and/or provide services beyond our scope. .

* Our employees are trained, insured, screened, have undergone criminal record checks, and are bonded.

* We follow-up with our clients on a regular basis to assess service effectiveness and to make revisions that reflect changing needs and wants

How Costs Are Determined

We charge a variable rate based on the type of service needed, when it is provided, and where it is delivered. There are no costs for "non-medical" assessments but charges may be levied for "nursing" assessments. In some situations, mileage fees (current IRS rates) are applicable. Costs are worked out and discussed with clients prior to commencement of service. Services are available from a few hours a day to 24 hours a day.
